GROUP

# HematoCare™

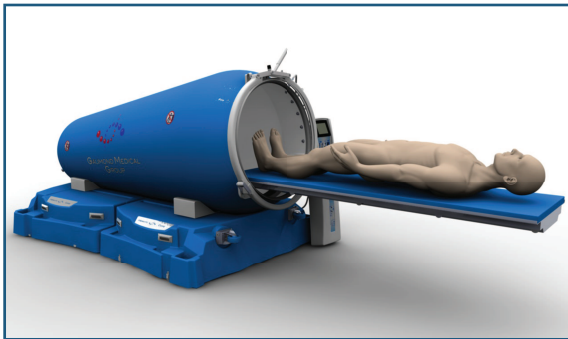

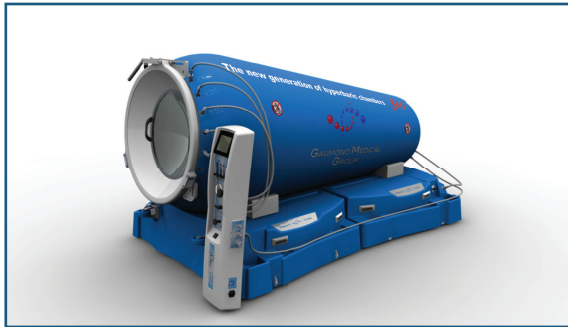

The new generation of hyperbaric chamber

# 3ATA

*Air pressurized*

*Pure O<sub>2</sub> (mask or hood)*

Transport

Unpack

15 minutes  
125 kg overall

Use

Install

The HematoCare™ product is a brand new concept. It is the first to offer a breakthrough opportunity to the hyperbaric industry. Aerospace technology and advanced engineering materials have been the core of this highly innovative design, without any compromise to safety. The HematoCare™ equals the performances and safety of rigid conventional monoplace hyperbaric chambers and meets the highest medical standards. All of this is integrated in a truly transportable and competitively priced device.

#### QUALITY MANAGEMENT SYSTEM :

- ISO 13485:2003
- ISO 9001:2008
- FDA 21 CFR 820
- CMDCAS
- 93/42/EEC MDD - Annex II

#### APPROVALS :

- Conforms to 93/42/EEC - MDD (Class IIB Medical Device)

- Germanischer Lloyd approved (97/23/EEC - EC type examination)

#### Certified to:

- ANSI/AAMI ES 60601-1
- CAN/CSA-C22.2 No. 60601-1:08
- IEC 60601-1-1, 3<sup>rd</sup> Ed. (2005)
- EN 60601-1-1, 3<sup>rd</sup> Ed. (2006)
- IEC 60601-1-2:2007, 3<sup>rd</sup> Ed.
- EN 60601-1-2:2007 COR 2011

- ASME PVHO-1, Section 2 (viewports)
- ASME PVHO-1 (Code Case pending approval)
